the Condemned Anarchists.
OHIOAGO, Sept. 28.—Affidavits to support the motion for a new trial for the seven condemned Anarchists were filed by their attorneys to-day. The usual plea was entered that the verdict is not supported by the evidence, and it is also urged that the council for the State also urged that the council for the State employed a form of argument which was calculated to prejudice the jury. The chief point urged, however, is the story telegraphed from Indianapolis shortly after the cenclusion of the trial to the effect that a man entered a saloon in that city one or two days before the Haymarket massacre and exhibited a satchel, intimating that slaughter would occur in Chicago in a few days. The theory of the defense is that this mysterious stranger had a quantity of dynamite about his person, and that in all likelihood he threw the bomb into the ranks of the police. The manner in which the jury was summoned, before whom the defendants were tried, was also objected to.

Three years ago, when the Conclave was held in San Francisco, St. Bernard Commandery attracted especial attention on account of its fine drill. It was in consequence the recipient of especial attention at the hands of the California Knights, and last week, at St. Louis, constituted itself the host of the brothren from the Pacific slope. Then St. Bernards invited the Californians to visit Chicago as its guests, and the invitation was accepted. For the past few days the Californians have been hospitably entertained by their brethren of St. Bernard, and last evening the festivities wound up with a renandery, Knights Templar, entertained

These are in all cases combined with the proper constitutional remedies for the liver, stomach, nervous system and blood, etc.

In order to show how quickly lung diseases are cured by our system of treatment, combined with our glorious climate, we give a few extracts from letters received from our former patients:

Thomas Arshur, San Francisco Cal., writes: For 2d years I was afflicted with cetarrhal deafness, the right one seemingly entirely deaf. I came under Dr. Williams's care in March of this vear, and at the end of July I was as sound as a bill.

John Wesley Lee, Eq., Portland, Or., writes: Dr. Williams, Dear Sir-I am still as ever I was in my life. You will remember when I came to you I had to be led by my daughter, the granulations on my cyclids were so bad, and I want to say to the good people of Los Angeles that you cared me entirely in just 12 weeks from the day I began treatment. May God continue to prosper you.

was there, I placed myself under treatment for asthma, or asthmatic consumption, as most doctors called it, and although I had been a great sufferer for 12 years, I have not had as attack since the first inhalation from Dr. Williams, which was about a year ago.

Hon. Erastus Kelly, Montreal, Canada, says: The Southern Galifornia climate is ahead of anythine I have ever enjoyed, and yet it was insufficient to come me of tuberon-list consumption, second stage, until sesisted by Dr. Williams's medicated inhalations, which did the work in 5 months from the time I began treatment.

Wilson Grant, Esq., Louisville, Ky., writes: For 19 years I was a sufferer from catarrh, which latterly got into my lungs and produced catarrhal consumption. I lost 60 pounds in weight and became so weak I could not walk 160 rods. After I had spent 6 months in Southern California. I concluded to try Dr. Williams, of whom so much had been said, and I am gratified to know that in 45 months he has cured me entirely, and in a few days I returned home delighted to my delighted family and friends.

THAT YOTE WAS BARTLETT'S.

If defeated James T. Farley, the Democratic nominee.

Here Mr. Swift read the following extract from Mr. Bartlett's speech:

"I had always supposed that the movement was the legitimate outgrowth of the opposition of the people of San Francisco to the granting of Goat island to the Central Pacific Railroad Company, and threats to build a rival city on that island and the Oakland flats."

Mr. Bartlett should not have made that statement, because it is not F

was wrong and that are on the beautiful of the Assembly."

There was no Committee of One Hundred at that time, and Mr. Bartlett knew it. A year or two before that time it did have an existence. When he put up the Dolly Varden ticket he got the president and secretary of that committee together, just to use their names, and had them put up a ticket with Bartlett's name at the head. He will not tell you that he indorsed any platform or went before any convention, for there was none. He says: "I declare that at the time of momination for the State Senator, neither did I induced any one to suppose that I should give him my support."

To-day is to be found among the lots in the Widd Tract, for only \$50 down. Ask Chas, Victor Hall, of 10% South Spring.

United States Sensor, Bester did I induced any one to suppose that I should give him my support."

He forgets again. The Democrats had a nominee; so had the Republicans. Booth was elected on the third ballot, and Mr. Bartlett was distinctly understood to be for him. He further says: "The fact was known to my friends and all who sought the information that I favored Eugene Casserly for the post. I was put on the ticket because I was known to be a Democrated ticket because I was known to be a Democrated ticket. The Dolly Varden ticket was elected because at a large meeting in the same Union Hall the onthusiasm was unbounded. Mr. Bartlett sat there that night of the Dolly Varden meeting on the platform.
